Dear Public Service Director,

In 2020, our world changed in ways we could never have imagined. It has been an incredibly difficult time for all of us. But for children in foster care waiting to be adopted, who have endured abuse, neglect and often countless layers of trauma in their young lives, the negative effects of the COVID-19 crisis have been profound.

Right now, more than 120,000 children are waiting to be adopted from foster care in the United States. They need a permanent, loving home before the clock runs out on their childhood.

Each year, more than 20,000 youth turn 18 or 21 and leave the foster care system without a forever family. With nowhere to turn for support, they are at higher risk of negative outcomes, such as homelessness and unemployment.

Created in 1992 by Wendy's® founder Dave Thomas, who was adopted, the Dave Thomas Foundation for Adoption is a national nonprofit public charity dedicated to dramatically increasing the number of adoptions of children waiting in North America's foster care systems.

Through our signature program, [Wendy's Wonderful Kids®](#), the Foundation provides funding and establishes innovative co-investment partnerships with states to support the hiring of adoption recruiters who implement an evidence-based, child-focused recruitment model. The model is proven to be up to three times more effective at serving children who have been in foster care the longest, including teenagers, children with special needs and siblings.

With support from generous donors, the Foundation has helped find forever families for more than 11,000 children. But there is more work to be done to serve children still waiting to be adopted who need our help the most.

On behalf of the Dave Thomas Foundation for Adoption, thank you for supporting this public service campaign and for sharing our message.

All good wishes,

Rita L. Soronen

C/O ROH MUSICK
PO BOX 256
DUBLIN, OH 43017-0256

Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization that is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Code because you are an organization of the type described in section 509(a)(2).

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(2) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(2) organization.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,

District Director
