Dear Public Service Director,

Vaccinations should be a part of everyone's to do list, but especially for those with disabilities, people who are 60 and older and those with health conditions such as asthma, diabetes or heart and lung disease. Most people should get vaccinated for seasonal flu (influenza) and COVID-19 but those who are older should also get vaccinated for shingles, pneumonia, RSV (Respiratory Syncytial Virus) and other diseases. Getting vaccinated is safe and the best way to reduce your risk of getting these diseases. Additionally, vaccines can also reduce the risk of becoming very sick should you contract one of these illnesses.

The Aging and Disability Vaccination Collaborative has partnered with local organizations to help people get their yearly vaccinations. Powered by the nonprofit USAging which is dedicated to serving older adults, people with disabilities and care providers, this initiative strives to make the process of getting vaccinated as easy as possible. Through local events, access to transportation, in home vaccinations and onsite health care consultations, the Aging and Disability Vaccination Collaborative works to keep Americans safe and protected from diseases.

We hope that you will help inform your audience about the importance of vaccines by airing the new PSA titled "**You've Got This**" (:60, :30, :15). The PSA demonstrates the various resources offered by the Aging & Disability Vaccination Collaborative to make getting vaccinated easy and simple and how vaccines not only protect those who get vaccinated from diseases but also their friends, family and the community. The PSA also encourages audiences to visit YouGotThis.usaging.org for more information. We hope that you will air this PSA, which has **no end date for use**, as soon and as often as possible.

For any questions regarding the PSA, please contact our distribution representative, Holly Mule, at Connect360 Multimedia (e-mail: hmule@c360m.com; ph: 212-624-9196).

Thank you in advance for your support of this public service campaign.
