Dear Public Service Director,

Vaccinations should be a part of everyone's to do list, but especially for those with disabilities, people who are 60 and older and those with health conditions such as asthma, diabetes or heart and lung disease. Most people should get vaccinated for seasonal flu (influenza) and COVID-19 but those who are older should also get vaccinated for shingles, pneumonia, RSV (Respiratory Syncytial Virus) and other diseases. Getting vaccinated is safe and the best way to reduce your risk of getting these diseases. Additionally, vaccines can also reduce the risk of becoming very sick should you contract one of these illnesses.

The Aging and Disability Vaccination Collaborative has partnered with local organizations to help people get their yearly vaccinations. Powered by the nonprofit USAging which is dedicated to serving older adults, people with disabilities and care providers, this initiative strives to make the process of getting vaccinated as easy as possible. Through local events, access to transportation, in home vaccinations and onsite health care consultations, the Aging and Disability Vaccination Collaborative works to keep Americans safe and protected from diseases.

We hope that you will help inform your audience about the importance of vaccines by airing the new PSA titled "**You've Got This**" (:60, :30, :15). The PSA demonstrates the various resources offered by the Aging & Disability Vaccination Collaborative to make getting vaccinated easy and simple and how vaccines not only protect those who get vaccinated from diseases but also their friends, family and the community. The PSA also encourages audiences to visit [YouGotThis.usaging.org](http://YouGotThis.usaging.org) for more information. We hope that you will air this PSA, which has **no end date for use**, as soon and as often as possible.

For any questions regarding the PSA, please contact our distribution representative, Holly Mule, at Connect360 Multimedia (e-mail: [hmule@c360m.com](mailto:hmule@c360m.com); ph: 212-624-9196).

Dear NATIONAL ASSOC OF AREA AGENCIE:

We're responding to your request dated Oct. 09, 2019, about your tax-exempt status.

We issued you a determination letter in DECEMBER, 1982, recognizing you as tax-exempt under Internal Revenue Code (IRC) Section 501(c)(03).

We also show you're not a private foundation as defined under IRC Section 509(a) because you're described in IRC Sections 509(a)(1) and 170(b)(1)(A)(vi).

Donors can deduct contributions they make to you as provided in IRC Section 170. You're also qualified to receive tax deductible bequests, legacies, devises, transfers, or gifts under IRC Sections 2055, 2106, and 2522.

In the heading of this letter, we indicated whether you must file an annual information return. If you're required to file a return, you must file one of the following by the 15th day of the 5th month after the end of your annual accounting period:

- Form 990, Return of Organization Exempt From Income Tax
- Form 990EZ, Short Form Return of Organization Exempt From Income Tax
- Form 990-N, Electronic Notice (e-Postcard) for Tax-Exempt Organizations Not Required to File Form 990 or Form 990-EZ
- Form 990-PF, Return of Private Foundation or Section 4947(a)(1) Trust Treated as Private Foundation

According to IRC Section 6033(j), if you don't file a required annual information return or notice for 3 consecutive years, we'll revoke your tax-exempt status on the due date of the 3rd required return or notice.

You can get IRS forms or publications you need from our website at [www.irs.gov/forms-pubs](http://www.irs.gov/forms-pubs) or by calling 800-TAX-FORM (800-829-3676).
